

THIRUNAVUKKARASU VEERAMANI

ROBOTICS & AUTOMATION ENGINEER

Chennai, Tamil Nadu, India |thirusriram3012@gmail.com |+91 93457 44397

GitHub: thirun30-dev | LinkedIn : Thirunavukkarasu Veeramani

CAREER OBJECTIVE

Motivated Robotics and Automation Engineering student with a strong foundation in robotics, artificial intelligence, machine learning, embedded systems, and data science. Currently pursuing a B.E. in Robotics & Automation alongside an Online BS in Data Science from IIT Madras. Passionate about developing intelligent robotic systems, autonomous vehicles, and AI-powered applications. Adept at problem-solving, programming, and integrating hardware with software to create innovative engineering solutions.

SKILLS

Programming Languages: Python, DSA in Python, Git & GitHub

Robotics & Embedded Systems: ROS (Robot Operating System), Sensor Integration

Professional Skills: Data Analysis, Team Collaboration, Problem Solving

PROJECTS

Autonomous Mobile Robot (ROBIX)

Jun 2026(On-Going)

- Designed and developed an Autonomous Mobile Robot (AMR) for autonomous navigation and obstacle avoidance in indoor environments.
- Integrated ESP32, sensors, and motor control systems to enable real-time movement, localization, and decision-making.
- Collaborated on robot design, testing, and system optimization to improve navigation accuracy and operational efficiency.

ZENO- Self-Balancing Robot

May 2026 - Jun 2026

- Developed a two-wheel self-balancing robot using ESP32, MPU6050, TB6612FNG motor driver, and N20 motors.
- Implemented PID-based stabilization algorithms for real-time balancing performance.

HYPERTRACK - Bluetooth Controlled Robo Race Bot

Apr 2026

- Bluetooth Controlled Robo Race Bot
- Designed and programmed a Bluetooth-controlled racing robot using ESP32.
- Integrated motor control, wireless communication, and mobile app control functionality.

EDUCATION

Bachelor of Engineering – Robotics and Automation

2023 - 2027

Rajalakshmi Engineering College

Current CGPA: **8.2**

CLASS XII (CBSE) |

Apr 2023

Velammal Bodhi Residential School, Ladanendal

Percentage : **86.4**

CLASS X (CBSE) |

Apr 2021

Sri Ramana Academy , Rajapalayam

Percentage : **83.4**

CERTIFICATIONS

- **NPTEL** - Product Design and Manufacturing, Internet of things (Elite)
- **Udemy** - ROS for beginners
- **LinkedIn Learning** - PLC Basis

ACHIEVEMENTS

- | | |
|--|-------------------|
| • Smart India Hackathon - Internal Hackathon Winners
Rajalakshmi Engineering College | Oct 2025 |
| • Smarathon 2.0 - Transportation logistics Winners
St Joseph Engineering College | March 2026 |
| • Design Thinking and Innovation Contest - Winners
Rajalakshmi Engineering College | April 2026 |
